(54) MOBILE PHONE WITH CRIME PREVENTING FUNCTION AND EMERGENCY MESSAGE TRANSMISSION FUNCTION, AND METHOD FOR OPERATING CRIME PREVENTING FUNCTION AND EMERGENCY MESSAGE TRANSMISSION FUNCTION

(57)Abstract:

PROBLEM TO BE SOLVED: To provide a mobile phone with a crime preventing function and an emergency message transmission function, and a method for operating the crime preventing function and the emergency message transmission function that is useful for the self-defense through the crime-preventing function and can more easily call the emergency number 110 on emergency.

SOLUTION: When an antenna 1 is operated to be a crime-preventing extension state extended more than an ordinary extension state and a crime-prevention ON/OFF setting means 5 sets the crime-preventing function to an ON state, the control section 6 of the mobile phone allows a speaker 4 to sound a crime-prevention buzzer tone, a display device 2 displays an emergency number 110 indication to set the emergency number 110, the control section 6 discriminates whether or not any of key parts 3 is depressed, and when any key is depressed, the mobile phone calls the emergency number 110.
